Privacy Policy

Last updated: January 2, 2026

This application is built as an **ad-supported app** and is provided **at no cost**, intended to be used *as is* by technicians.

This page is used to inform users about the policies regarding the **collection, use, and disclosure of information** when using the Service.

By using this Service, you agree to the terms outlined in this Privacy Policy.

Information Collection and Use

This app **does not collect, store, or request any personally identifiable information** from users.

- No user accounts or login are required
- No personal data is saved on our servers
- No usage tracking or profiling is performed by us

The app is designed only to display error code information for technical reference.

Advertising & Third-Party Services

To support the app and keep it free, **advertisements are displayed**.

The app may use **third-party advertising services** (such as Google AdMob). These services may collect **non-personal information** such as device type, advertising ID, or basic usage data in order to serve ads, according to their own privacy policies.

We do **not control, access, or store** any data collected by these third-party services.

You can review Google's Privacy Policy here:
https://policies.google.com/privacy

Log Data

In case of an app error or crash, third-party tools may automatically collect **log data** to help improve app stability.

This data may include:

- Device model
- Operating system version
- Time and date of app usage
- App configuration during a crash

This information is used **only for debugging purposes** and is not linked to any personal identity.

Cookies

This app does **not use cookies directly**.

However, third-party advertising libraries may use cookies or similar technologies to improve ad delivery. You can control or limit ad personalization through your device settings.

Service Providers

Third-party services may be used only for:

- Displaying advertisements
- Improving app performance and stability

These service providers are obligated to use the information only to perform the tasks assigned to them.

Security

Since the app does not collect personal data, there is **no personal information stored or transmitted** by us. While we strive to use reliable services, no electronic system can be guaranteed to be completely secure.

Links to Other Sites

This Service may contain links to external websites. These sites are not operated by us, and we are not responsible for their content or privacy practices. We recommend reviewing their Privacy Policies separately.

Children's Privacy

This Service is **not intended for children under the age of 13**. We do not knowingly collect any personal information from children.

Changes to This Privacy Policy

This Privacy Policy may be updated from time to time. Any changes will be posted on this page. Continued use of the app indicates acceptance of the updated policy.
